BOARD OF SPONSORS

David Baltimore, 1975 Nobel laureate in medicine

Paul Berg, 1980 Nobel laureate in chemistry

Nicolaas Bloembergen, 1981 Nobel laureate in physics

Georges Charpak, 1992 Nobel laureate in physics

Arthur C. Clarke, author and screenwriter

James Cronin, 1980 Nobel laureate in physics

Jayantha Dhanapala, former United Nations Under-Secretary General for Disarmament Affairs

Carl Djerassi, recipient of the National Medal of Science and the National Medal of Technology

Paul Doty, founder and director emeritus of the Belfer Center for Science and International Affairs at Harvard University

Freeman Dyson, 1984 National Book Critics Circle Award for Non-Fiction

Sam Edwards, Cavendish Professor Emeritus for Theoretical Physics and former pro-vice chancellor of Cambridge University

Manfred Eigen, 1967 Nobel laureate in chemistry

Val Fitch, 1980 Nobel laureate in physics

Brian Flowers, fellow at the Imperial College of Science, Technology, and Medicine, Environment Office

Jerome Friedman, 1990 Nobel laureate in physics

Richard Garwin, Philip D. Reed Senior Fellow for Science and Technology at the Council on Foreign Relations, New York

Donald Glaser, 1960 Nobel laureate in physics

Sheldon Glashow, 1979 Nobel laureate in physics

Marvin Goldberger, president emeritus at the California Institute of Technology

Brian Greene, professor of mathematics and physics and joint director of the Institute for Strings, Cosmology, and Astrophysics at Columbia University

Stephen W. Hawking, Lucasian Professor of Mathematics at the University of Cambridge

Dudley Herschbach, 1986 Nobel laureate in chemistry

Howard Hiatt, professor of medicine at Harvard Medical School

Ronald Hoffmann, 1981 Nobel laureate in chemistry

John Holdren, director of the Program on Science, Technology, and Public Policy at Harvard University's Kennedy School of Government

Pervez Hoodbhoy, professor of physics at Qaid-e-Azam University, Pakistan

Masatoshi Koshiba, 2002 Nobel laureate in physics

Lawrence Krauss, Ambrose Swasey Professor of Physics and Astronomy and director of the Center for Education and Research in Cosmology and Astrophysics at Case Western Reserve University

Leon Lederman (president), 1988 Nobel laureate in physics

Reimar Lüst, former president of the Max Planck Society

Shirley Malcom, head of the Directorate for Education and Human Resources Programs of the American Association for the Advancement of Science

Marcos Moshinsky, former chair of the Mexican Physics Society

Ben Mottelson, 1975 Nobel laureate in physics

W. K. H. Panofsky, director emeritus of the Stanford Linear Accelerator Center

John Potanyi, 1986 Nobel laureate in chemistry

Victor Rabinowitch, former senior vice president of the John D. and Catherine T. MacArthur Foundation

Lisa Randall, professor of physics at Harvard University

Martin Rees, president of The Royal Society

Richard Roberts, 1973 Nobel laureate in physics

Roald Sagdeev, professor of physics at the University of Maryland

Oscar Sala, former head of the Department of Nuclear Physics at the University of São Paulo

Frederick Seitz, president emeritus of Rockefeller University

Toshiyuki Toyoda, professor emeritus of physics at Nagoya University

Kosta Tsipis, former director of the Program in Science & Technology for International Security at the Massachusetts Institute of Technology

Frank von Hippel, codirector of the Program on Science and Global Security at Princeton University's Woodrow Wilson School of Public and International Affairs

C. F. von Weizsäcker, former director of the Max Planck Institute of Physics

Frank Wilczek, 2004 Nobel laureate in physics

PAST SPONSORS

Ruth Adams (1923-2005), former editor of the Bulletin of the Atomic Scientists

Samuel Allison (1900-1965), first and third director of the Enrico Fermi Institute for Nuclear Studies at the University of Chicago

Edoardo Amaldi (1908-1989), secretary-general of the nascent CERN Laboratory

Robert Bacher (1905-2004), former chair of the Division of Mathematics, Physics, and Astronomy at the California Institute of Technology

Hans Bethe (1906-2005), 1967 Nobel laureate in physics

Detlev W. Bronk (1897-1975), president of the National Academy of Sciences
